AREAS computed by government of its own lands only, and those patented made to conform to the original grants as nearly as was practicable. See list on opposite margin.

PHYSICAL FEATURES in region covered by south half of map, are not shown on U.S. Revised maps, except as hereon, general from U.S. 3, Boulder Co. and Jefferson Co. B.&S.L.Ry. and Navy Dept. sur. Others on Drumm's County pocket and wall maps.

OPEN TO ENTRY — Tracts marked thus * may be filed upon between Mch. 25, 1931 and July 14, 1931 by Ex-Service men and prior valid settlers only; after the latter date, subject to general disposition. All other vacant lands in this Twp. are withdrawn from entry, sale or other disposition and forest reserves and are not subject to entry of any kind.

TRACT NUMBERS. These were assigned by the U.S. Dept. Land office and are not to be confused with the County Assessor's tract numbers. In using them, each should be preceded by the initials "U.S."

SCALE: 1 INCH = 1200 FT.

DESCRIPTIONS. For details of descriptions of any and all tracts and sections further than shown hereon, see field notes of survey in County Surveyor's Book 2, pp. 67 to 113, (index on p. 65) in Co. Clerk and Recorder's office.

CONFLICTS: Conflicting mineral claims, but no conflict under this re-survey, that between Tracts 93 and 86, but as claims belonging to one person, and other land officers for the overlap, mutual adjustment is likely.

THIS MAP PLATTED June and July 1931, from field notes of U.S. Revised Survey of entire Township, made in 1926-7, that portion from Sec. 16 (incl.) to end, East (incl. Sec. 33 and 34) being based upon original survey (not from 30 line), north being run independently and the southerly and remaining portion being surveyed & conform & original survey and at the same time to protect the rights of settlers as set forth in field bks. Section numbers of the original survey are shown thus 31 and the new numbers substituted are regular and not the distinct other subdivisions, owners, etc., in the main are shown as indicated on the plat de-scriptions and circles thus ⑨

WITNESS POINTS. These are original government corners, preserved as witness points, because mining claims are located to them. They are indicated thus ⑦

ORIGINAL — Drawn by authority and under direction of A. A. SMITH County Assessor of Boulder Co. By Harry A. Drumm MAPS, Boulder, Colo. 1931 Traced Aug. 25, 1931

COPIES, blue and white prints (20 cts. each) available from next above. (1200 Pearl St.)

DOT — Any lengths to be measured on edge of blank paper and place it over this scale to obtain distances not given, or use "60" edge of triangular scale and multiply reading by 2.
