

PROJECT STATUS REPORT

ALLIANT #1: ACT LIKE A FRAUDSTER

As Of: 11/14/24

PROJECT STATUS SUMMARY

Percent Complete: 20%

Scope	Schedule	Risks	Quality
-------	----------	-------	---------

Schedule: On schedule. We have briefly researched web scraping and discussed how we can leverage tools like BeautifulSoup and Selenium to find information for our final deliverable. We discussed and finalized our project charter. We discussed what tools are needed to create our webpage deliverable and brainstormed a rough tech stack for the website.

Risks: We are currently concerned not having our project charter signed due the lack of communication with our main sponsor.

WORK PLANNED FOR LAST WEEK

- Start creating a presentation for our final deliverable
- Create a basic website framework
- Start Github Repo
- Start website scraping research

WORK COMPLETED LAST WEEK

- **Daniel:**
 - Attended team meeting
 - Edited Project Charter to align with our deliverable
 - Began development of website to display gathered information (initial stages of final deliverable)
 - Developed prototype front end
 - Initialized SQL database
- **Diego:**
 - Initial review / Team meeting: project charter
 - Communication with sponsor
- **Isaac:**
 - Attended team meeting.
 - Worked on deliverable presentation.
 - Worked on and edited Project Charter.
- **Joseph:**
 - didn't attend team meeting
 - worked on researching topics discussed with teams
 - more on listings
 - some research on web scraping

- **Shuchi:**
 - Attended team meeting
 - Worked on presentation to show our sponsors on what our final deliverable will be
 - Worked on a working draft of our project charter
 - Layed out potential database ideas, and what information we plan on pulling sign web scraping
- **Walker:**
 - Attended team meeting
 - Created github repository
 - added branch protection rulesets
 - Worked on finalizing project charter
 - Discussed format of our information reports and potential tech stack for our project deliverable
- **Zach:**
 - Completed Baseline Research of Web Scraping (Selenium and Beautiful Soup)
 - Attended Team Meeting
 - Helped create Working draft of project draft ready for approval
 - Started created diagrams to map tech stack / generally how the website will work

WORK PLANNED FOR NEXT WEEK

- MEET WITH SPONSOR (CEO David) (**hopefully**)
- Familiarize ourselves with web scraping tools
- Update presentation
- Work on Lucidchart tech stack diagram

OPEN CONCERNS

- We are still on radio silence with our project sponsor, he has yet to sign-off on our project charter.

DELIVERABLES AND MILESTONES
